COURSE DESCRIPTION & EXPECTATIONS

I HAVE READ THE COURSE INFORMATION & EXPECTATIONS HANDOUT, WHICH INCLUDES THE BEHAVIOR EXPECTATIONS, LAB SAFETY & GRADING POLICIES, AND DISCUSSED IT WITH MY CHILD. During the lab safety discussion, we emphasized any student who is unprepared, lacks prerequisite requirements, or who fools around or behaves in an unsafe manner in laboratory activities will be removed from the activity and may receive zero points for each lab missed. **No student will be allowed to endanger themselves or others, misuse equipment, or interfere in the work of others.** Labs are a privilege, not a right.

LAB SAFETY CONTRACT AGREEMENT

We have read and agree to follow all of the safety rules in the contract. *I realize that I must obey these rules for my safety and that of other students/teachers. I will cooperate with my teacher and other students to keep a safe lab environment. I will follow the oral and written directions given by the teacher. I understand that any violation of this safety contract that results in unsafe conduct in the lab, or misbehavior on my part, may result in being removed from the lab, detention, receiving a failing grade, dismissal from the course and/or further disciplinary action.*

No student is permitted to do lab activities unless this contract is signed by both the student and parent/guardian This will remain on file with the teacher, and the signed copy of the contract is to remain in the student's binder/folder. Your signatures indicate that you have read Bret Harte's Student Lab Safety Contract, are aware of the measures taken to ensure the safety of your student in the science lab, and will instruct your student to uphold his/her agreement to follow these rules and procedures in the lab.
